September 2009

2009 Steering Committee Members

The work of CAH is guided by a Steering Committee that develops, in consultation with the broader community, the “Halifax Community Plan”. This plan sets the strategic direction for each two-year funding period, and defines the Requests for Proposals. The CAH Steering Committee is made up of a diverse group of shelter and service providers, federal and provincial government representatives, the faith community, and people with first hand experience of homelessness.
